## Call for candidates for the national postdoctoral program (PNPD-CAPES-PPGMAT-UFPB)

The Graduate Program of the Department of Mathematics at the Federal University of Paraíba (PPGMat) announces the opening of 01 (one) vacancy for a postdoctoral fellowship with a PNPd/CAPES scholarship, to be carried out within the PPGMat, according to the rules contained in the Ordinance 086/2013 of CAPES.

### 1. Scholarship

- 1.1. The amount of scholarship is R\$ 4.100,00 (four thousand and one hundred reais);
- 1.2. The duration of the scholarship is 12 months.

### 2. Applications

2.1. The period of application starts on 10/05/2020 and ends at 23:59h on 10/30/2020, Brasília time. The candidate must send, at the email address [ppgmat@mat.ufpb.br](mailto:ppgmat@mat.ufpb.br), in PDF, the following documents:

- 2.1.1. A research project for a period of 12 months;
- 2.1.2. A letter from a member of PPGMat, showing the interest and availability to participate in the proposed project;
- 2.1.3. A curriculum vitae (possibly Lattes) updated within the last 03 (three) months.

2.2. Each candidate must arrange letters of recommendation from 02 (two) researchers; the letters must be sent by each researcher directly to the email address [ppgmat@mat.ufpb.br](mailto:ppgmat@mat.ufpb.br).

### 3. Selection

The following points will be evaluated:

- 3.1. The research project, subject of item 2.1.1;
- 3.2. Scientific production of the candidate over the last 05 (five) years;
- 3.3. If the selection committee believes it is necessary, a candidate may be asked for a videoconference interview. The interview will be scheduled in advance by an agreement between the committee and the candidate.

**3.4.** Candidates who intend to carry out the postdoctoral fellowship at institutions other than those from where they obtained their doctoral degrees, will be given a preference.

#### **4. Results and implementation of the scholarship**

**4.1.** The result will be announced on 11/02/2020 or later on the following website:

<http://www.mat.ufpb.br/ppgmat>;

**4.2.** The beginning of the fellowship is in November 2020 or later;

**4.3.** At the moment of the implementation of the scholarship, the candidate must present a document confirming either a doctoral degree received from courses evaluated by CAPES and recognized by CNE/MEC, or an equivalent degree received from a foreign institution.

**4.4.** Admission of the selected candidate is subject to the opening of the Grant and Fund Control System (SCBA) of CAPES.

**4.5.** During the period of the pandemic COVID-19, the activities can be carried out remotely.

**4.6.** At the end of the postdoctoral fellowship, the researcher and his/her supervisor must present to the PPGMat a report on the activities.

#### **5. Final considerations**

- The candidate should be aware that, if it is in the interests of PPGMat, he or she may be invited to teach a course in the department of mathematics at UFPB.
- It is the responsibility of the supervisor to accompany the progress of the proposed project.
